

900 Lakeshore: Your Presence is Power – Mississauga Needs You in the Room

Dear Mississauga Residents,

The 900 Lakeshore Rd. development proposal is threatening the integrity of our city's **Official Plan 2051** — a plan that was shaped over five years by planning experts, engineers, transit specialists, and engaged residents. Despite the Plan's thoughtful design and recent approval by City Council, this proposal:

- **Contravenes the Official Plan**
- Is **incomplete** and riddled with **technical deficiencies**
- Lacks transparency and **shifts long-term financial risks onto taxpayers**
- Exploits the **Ontario Land Tribunal (OLT)** process, where developers often override community plans

This is not just about one project — it's about defending the democratic planning process and ensuring that our city's vision is **respected, enforced, and upheld**.
