

Media Invitation – July 12th Rally: Developer’s Defying the Official Plan on Doug Ford’s Watch

Dear Members of the Press,

We invite you to cover a **community rally on July 12th** in Mississauga, where residents will gather in support of the City’s Official Plan and in protest of the growing trend of developers circumventing local planning rules.

Despite clear rejections by municipal authorities, developers continue to escalate proposals to the Ontario Land Tribunal—and win. This pattern, unfolding under Premier Doug Ford’s leadership, raises serious questions about **provincial overreach and tacit approval of rule-breaking** in the development process.

This rally is a call for accountability. It’s about protecting the democratic planning process, respecting local governance, and ensuring that **no one is above the rules**—not even those with deep pockets and political access.

We hope you’ll join us to witness and report on this critical moment in Mississauga’s civic life.

Sincerely

The 900 Lakeshore Committee
